

# Substance Abuse and Mental Health Services Administration Minority Fellowship Program

## Essay and Curriculum Vita

**Applicant Name:** \_\_\_\_\_  
Last First Middle

### **Essay**

Please write an essay that does not exceed three (3) double spaced pages. In your well written scientifically based essay, please respond to the topics in the order that they are listed. Please discuss (a) how a particular phenomenon related to substance abuse and/or psychiatric disorders research is relevant in reducing and eliminating health disparities among ethnic minority populations; (b) your professional career blueprint that integrates your goals and research; (c) how you envision a PhD degree with emphasis on substance abuse and psychiatric disorders prevention and treatment will enhance your career goals, influence your professional development, and help you to function as a leader in your chosen field; and (d) the anticipated relevance of your research to improving the well-being of ethnic minority people and communities. Finally, describe how your academic course of study and your research focus will overlap with the mission and goals of SAMHSA. Please peruse the SAMHSA website, [www.samhsa.gov](http://www.samhsa.gov) for more detailed information about its mission, priorities, and principles.

### **Curriculum Vita**

**Please include current curriculum vita that presents your professional information under the heading as they appear below:**

- Education (If you have earned a Masters in Public Health, Business Administration, or some other professional degree, then bold that content.)
- Work Experiences
- Publications list with one manuscript attached or
- Sample of a document that you have written that you consider to be exemplary
