

Honoring the Memory of Nurses by Supporting Their Children's Future

Welcome to Nurse's Children Foundation

Honoring the Memory of Nurses by Supporting Their Children's Future

Nurse's Children Foundation (NCF) is a nonprofit 501(c)(3) tax exempt organization committed to providing collegiate financial opportunities for children who have suffered the loss of a parent in the Registered Nursing (RN) profession. NCF's mission is to provide a legacy for these children, by dedicating monetary assistance to their academic careers by way of scholarships, stipends, and resources.

RN's work tirelessly dedicating themselves to serving the needs of patients as well as maintaining a better life for their families and their children's goals and dreams. We view them as Angels of Mercy, however when they fall ill and pass, will their children receive that same mercy and care they gave? NCF understands the desires and academic dreams of young students.

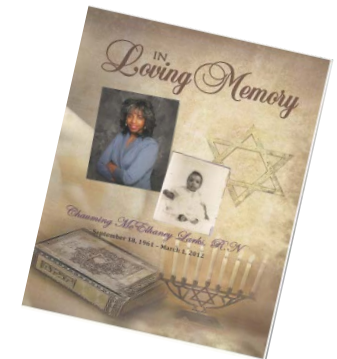

Honoring the Memory of Nurses by Supporting Their Children's Future

Nurse's Children Foundation was inspired by the passing of a devoted nurse and mother as well as friend of the Founder and President, Leslie Silket. Here's that story.

When Charm was in high school, she was a Candy Stripper with a devotion to help those in need. Fueled by her passion to serve others, she decided to follow the path of medicine and earned a Bachelors In Science for Nursing. During her career, Charm held the hands of mothers as she helped deliver their babies into this world, devotedly cared for patients, and encouraged and supported her peers, doctors, and staff members both personally and professionally.

A lifelong learner, Charm instilled a love for education and service in her 3 children's lives and poured everything she had into their academic future. With her desire to enhance their education and respect for the world around them, she also instilled compassionate family values.

Then the unthinkable happened. She fell ill and passed peacefully away. Feeling the loss, Leslie Silket was compelled to find a way to nurture Charm's children and honor Charm. Leslie's desire to ensure a legacy for not only Charm's family but for all children who's parent was in the nursing profession that Nurse's Children Foundation, Inc. was formed.

Honoring the Memory of Nurses by Supporting Their Children's Future

The optimum goal of NCF is to support students in their pursuit of a college career by way of stipends, scholarships, and various resources. To accomplish this objective, raising money to achieve financial support is imperative. Nurse's Children Foundation is reaching out nationally to the medical profession, corporations, organizations, communities, and friends to ensure that those monetary needs are met by:

- Donations
- Sponsorships
- Partnerships
- Events and fundraisers
- Solicitation Campaigns
- Online Campaigns

Honoring the Memory of Nurses by Supporting Their Children's Future

On December 9, 2012 Nurse's Children Foundation, its website and social media were launched. NCF has already participated in political events, healthcare functions, and social events including a joint venture with the Oakland Raiders at World AIDS Day.

NCF works tirelessly to generate funds to support the academic future of children whose parent has passed away while in the nursing profession. For more information please contact Nurse's Children Foundation at:
