

SUMMER FELLOWSHIP '09

Emerging Scholars Interdisciplinary Network

Summer Fellowship Program in Applied Multi-Ethnic Research at the Inter-University Consortium for Political & Social Research (ICPSR)

University of Michigan-Ann Arbor
June 21 to July 17, 2009

Program Description

The 4-week Research Fellowship provides advanced statistical and methodological training to early career ethnic minority or socially disadvantaged faculty and investigators. Fellows refine their skills to be productive researchers capable of formulating and addressing original and significant research questions. Training options include, but are not limited to the following:

- **Advanced Statistical Courses.** Fellows will choose from a variety of advanced statistics courses (i.e. Regression Analysis I-III: Introduction, Linear Models, and Advanced Methods) that combine lectures and discussion with the practical application of quantitative methods in a state-of-the-art computer lab.
- **Research Workshops.** Fellows will select from a variety of statistics workshops, such as: Structural Equation Modeling, Introduction to NVivo 7, STATA Intermediate, and SPSS Intermediate.
- **Statistical Consultation.** Additionally, fellows will be eligible to receive methodological expertise from a cadre of statistical consultants through the Stats-Chat service. Services may include, but are not limited to: Data Interpretation & Methodological Design.
- **Professional Development.** Fellowship recipients will also engage in trainings to enhance their career and professional development. Trainings may include seminars focused on: Negotiating the Academy, Clinical & Intervention Research, and Managing Funded Research Projects.

Who Should Apply?

We strongly recommend this summer research fellowship for both researchers early in their careers and seasoned researchers wishing to retool or shift their statistical or methodological approach. Participation in the program is based upon a competitive selection process. Both, Individuals and members of an ESIN-sponsored research Study Group are welcome to apply. Please note that only current ESIN members are eligible to apply.

12-16 stipends up to \$2,500 will be available to support selected fellows (individual & Study Group members).

How to Apply

Interested members should visit http://emergingscholars.net/admin/public_events/view/1 to find links to an application with specific details about supporting materials. Program application and other documents must be submitted as an email attachment to: admin@emergingscholars.net. The **application deadline is March 2, 2009**. Incomplete or late applications will not be reviewed. Individuals and study groups need to submit a completed application and the following documents to apply:

- **Summer Research Plan**
- **Sample Research Manuscript**
- **Curriculum Vitae**
- **Biographical Statement**

Eligibility

- ESIN Member
- U.S. citizen or permanent resident
- Ph.D., M.D., or equivalent degree, or Ph.D. candidate

Not a member?

To become an ESIN member, visit our website and complete a Member Application:
